A national accounting firm announced this week it has relocated its corporate headquarters to a building in Houston's Uptown-Galleria area.

Weaver, which specializes in assurance and tax services, signed a long-term lease for 60,247 square feet across three floors at [4400 Post Oak Parkway](#). The building is also known as Five Post Oak Park. The tax firm moved into its new space in June.

Dallas-based Citadel Partners, a real estate advisory firm, represented Weaver in the lease. Terms were not disclosed, but Weaver is expected to get signage on top of the building with the deal.

Weaver was previously based out of Greenway Plaza business district at [24 Greenway Plaza](#), where it had been for more than a decade. Weaver picked Five Post Oak Park after looking at 45 properties in nine Houston submarkets, according to the statement.

“Weaver was looking for a fresh new space to reflect its growth and energized brand as its new Houston headquarters,” said Scott Morse, managing partner with Citadel Partners, in a statement. “Ultimately, the economic opportunities, centralized location/visibility and cultural enhancements for hiring and employee retention made [Five Post Oak Park] the clear choice for a long-term commitment.”

Five Post Oak Park is owned by CP Group, a Boca Raton, Florida-based commercial real estate firm that bought the 28-story office tower in 2021. CP Group plans to add an upscale restaurant and outdoor terrace to the building, which was built in 1982 and is currently undergoing renovations to the lobby.

Corgan Architects was the interior designer for Weaver's new space, which includes a three-story internal stairwell. Harvey|Harvey Cleary was the general contractor and Gauge Real Estate Partners was the project construction manager.

Accounting Today ranked Weaver as the largest independent accounting firm headquartered in the Southwest. INSIDE Public Accounting, meanwhile, ranked Weaver as the 35th largest public accounting firm in the nation.

A Weaver spokesperson did not confirm whether the firm would expand its headcount with the headquarters relocation. The firm's website shows 57 job openings posted for the Houston office as of July 20.
